3. The County policy for public disclosure and privacy is as follows:

Under the provisions of the California Public Records Act (the "Act"), Government Code section 6252 et seq., all "public records" (as defined in the Act) of a local agency, such as the County, must be available for inspection and copying upon the request of any person. Under the Act, the County may be obligated to provide a copy of any and all responses to this Request for Statement of Qualification, if such requests are made after the pre-qualification process is completed. **One exception to this required disclosure is information which fits within the definition of a confidential trade secret [Government Code section 6254(k)] or contains other technical, financial or other data whose public disclosure could cause injury to the proposer's competitive position.** If any proposer believes that information contained in its response to this Request for Proposal should be protected from disclosure, the proposer **MUST** specifically identify the pages of the response that contains the information by properly marking the applicable pages and inserting the following notice in the front of its response:

NOTICE: *The data on pages _ of this response identified by an asterisk (*) contain technical or financial information, which are trade secrets, or information for which disclosure would result in substantial injury to the proposer's competitive position. Proposer requests that such data be used only for the evaluation of the response, but understands that the disclosure will be limited to the extent the County considers proper under the law. If an agreement is entered into with the proposer, the County shall have the right to use or disclose the data as provided in the agreement, unless otherwise obligated by law.*

The County will not honor any attempt by proposer to designate its entire proposal as proprietary. If there is any dispute, lawsuit, claim or demand as to whether information within the response to the Request for Proposal is protected from disclosure under the Act, proposer shall indemnify, defend, and hold harmless, the County arising out of such dispute, lawsuit, claim or demand.
